ACKNOWLEDGMENTS

CIALN National Network of Providers

This initial literacy training program is based on the Victorian State accredited Certificates in Initial Adult Literacy and Numeracy (CIALN) courses which have been successfully delivered in Victoria and interstate for approximately 20 years. There were significant costs associated with CIALN Research & Development (R&D) and ongoing course maintenance, marketing and administration. However, the only ongoing financial support for the CIALN comes from providers that have paid to deliver these courses. Without this payment the CIALN courses could not be financially maintained. Therefore, in a very real way CIALN education providers are helping to sustain these courses. The CIALN network of providers, by its very existence, is also advocating for greater access to relevant education in the community for people with little or no current literacy skills.

CIALN Steering Committee

Dr Paul Lewandowski, Peter Franchina, John Radalj, Anthony Costa and Leanne Dugdale

Dr Brian Donovan, Karingal

Dr Donovan has actively supported and promoted the development and implementation of the CIALN since the courses were first drafted in the early 1990s.

Karingal Inc. Board of Management

Karingal is a large non-profit Geelong and regional community-based organization dedicated to supporting people with disabilities. Karingal is continually endeavouring to nurture an inclusive mainstream further education system. Karingal has actively supported and promoted the development and implementation of the CIALN courses over many years.

Barwon South Western (BSW) Regional Council of ACFE

BSW Regional Council of ACFE actively supported the development and implementation of earlier versions of the CIALN courses.

McGlynn family

The course developer wishes to acknowledge and thank his family for all their love and support throughout the many years of CIALN course development and the writing of this non-accredited training program.
